

Therapaws Consent Form

I hereby consent to Therapaws using images of my dog obtained in video recordings, and/or photographs, taken/recorded by Therapaws.

I consent to such images being used for marketing and publicity related purposes and to their use in other Therapaws publications. I understand that they may be published on social media channels, on external websites and digital communications material.

I understand that images on websites are in the public domain and can be viewed throughout the world and that some overseas countries may not provide the same level of protection to the rights of individuals as UK legislation provides.

I understand that images or recordings may be kept permanently once they are published and be retained in archive in accordance with GDPR law.

I have read and understand the conditions and consent to my images being used as described. I understand that consent may be withdrawn at any time by contacting Therapaws in writing. Such withdrawal of consent may not affect material that has already been published.

Therapaws is committed to processing information in accordance with the General Data Protection Regulation (GDPR). The personal data collected on this form will be held securely and will only be used for administrative purposes.

You have the right to request to see a copy of the information we hold about you and to request corrections to or deletions of the information that is no longer required. You can ask Therapaws to stop using your image(s) at any time, in which case it or they will not be used in future materials but may continue to appear in material already in circulation.
